Title: medicine feat. aint about me
Format: Single/Digital
Release Date: 05.08.22
Label: Prolog Records
Distribution: Believe
Genre: Live electronic Music,
Experimental, Spoken Word

Benedikt Wieland | medicine feat. aint about me// Release 5th of august 2022

Medicine is the first single of the solo concept work from Berlin based Swiss / German bass experimentalist, improviser, and composer Benedikt Wieland. It also marks the beginning of a release series, which is a culmination of a three year-long research process into the notion of subverting traditional approaches and sound aesthetics associated with the electric bass. In other words, this work is based on a language that was specifically developed for this instrument, where, in the words of the artist: “the bass guitar becomes an orchestra, and is no longer bound to its traditional role as the foundation for harmony and rhythm.” Lukasz Polowczyk, the voice of **AINT ABOUT ME**, can be heard on Medicine, supported by saxophone player **Simon Spiess**. Throughout the process, Wieland checked in with two of his production advisers: film composer **Alexandre J. Maurer** and Norwegian electronica artist **Jan Bang**. Medicine can be best described as an inter-dimensional portal leading into the tessellated space underpinning our reality

About Benedikt Wieland

Benedikt Wieland is a Swiss / German bass experimentalist, improviser, and composer currently based in Berlin. His mission is to research, explore, and implement approaches to playing the electric bass that subverts and expand on the traditional methodologies and sound aesthetics (point of departure: jazz). Wieland is the band leader of **Kaos Protokoll**, a Swiss progressive jazz outfit with whom he released a total of three full length records and toured a big chunk of this spinning, blue rock. He's also the owner of the boutique record label Prolog Records.
