**Artist:** Alois  
**Title:** Ocean Ground  
**Format:** Single/Digital  
**Release Date:** 31.01.20  
**Label:** Red Brick Chapel  
**Distribution** Irascible/Believe Digital  
**Genre:** Tropical Electro Pop

### **Alois - Ocean Ground (Single) | 31 January 2020**

*If you ever get sucked in by a whirlpool, don't try to resist it. You will run out of strength and eventually drown. The only way to free yourself from a vortex is to remain composed, hold your breath and allow it to pull you all the way down to the ground where, inevitably, it will set you free. The same protocol would apply to just about any calamity life might throw at you.*

*Ocean Ground*, the forthcoming single from Swiss electro-pop outfit Alois, was inspired by a real life episode with a river vortex. Luckily, no one got hurt and a soothing, buoyant song with a strong balearic accent was born. The track marks the beginning of a new chapter for the project, a shift away from the indie-styled aesthetics found on their debut (*Mints*) and towards an idiosyncratic fusion of styles with mildly dance-floor oriented streak. The music is polyrhythmic, liquiform and iridescent. But, most importantly, it was played live by a group of seasoned musicians with great chemistry, who also happen to love live improvisation. So, if you ever happen to see Alois live, don't be surprised if *Ocean Ground* sounds more like a live remix than the version you already know.

Alois are a Swiss electro-pop outfit with light balearic and tropical overtones. The project consists of Martin Schenker (vocals, guitar), Pascal Eugster (bass), Florian Schneider (drums) and Lukas Weber (percussion) and Luzius Schuler

## About Alois:

Alois have created their own world of dance-oriented artpop. It reflects the band's interest in synth-driven songwriting blending electronic beats with tropical guitars and exploring the rhythms of various musical cultures.

Their award-winning debut album "Mints" (2017) earned them widespread recognition and airplay in their native Switzerland and well beyond. The following years on the road made Alois grow into a transfixing live act serving both the craving partygoer as well as the distinguished music lover.
